

## Create Your Own Easter Bunny

We are going to create our own Easter Bunny in just 5 easy steps.

**Equipment:** You will need glue or tape, scissors (or an adult who can help with cutting), and any pens, pencils, feathers, sequins or other decorations you would like to use on your bunny.

**Step 1:** Colour in the template below – this will be the colour of your bunny.

**Step 2:** Cut around the outside of the template – don't cut inside any of the lines! Also cut along line 1 and line 2.

**Step 3:** Fold sides A and B towards each other so that the top edges touch, and stick them together.

**Step 4:** Fold sides C and D towards each other so that they overlap. Slot them together using the two slits you have cut with lines 1 and 2. You should now see your bunny's face!

**Step 5:** Stick the ear inserts onto your bunny's ears, and draw a face. You can also add more decorations to your bunny like a pom pom tail!

### While you're here...

The Museum of Brands is a registered charity and independent museum, and relies on your support to care for our collection and to continue to provide learning opportunities for students and families across the country. If you have enjoyed this digital resource please consider visiting <https://www.museumofbrands.com/online-resources/> to make a voluntary donation to help us continue our work, and to take a look at our other free online resources.

We look forward to welcoming you to the Museum again soon!
